Auto Shop Safety Rules Bulletin

Best practice rules and guidelines in an automotive shop.

- 1. Use common sense—Think before you act
- 2. No running or horseplay.
- 3. Report all accidents at once.
- 4. Fire drill-out back (north) door.
- 5. Drive in/out at a crawl, shop speed is 5 mph.
- 6. Do not start car unless it is in park/neutral, brake on, clutch pushed in. Usetire blocks if working on...
