

Slips and Falls in Shipyards Infographic

WATCH YOUR STEP

Every year, there are more than 3,000 workers who are injured due to Slips, Trips and Falls across all industries. Do your part at the workplace by heeding these safety actions.

**Safety Actions to prevent
SLIPS, TRIPS AND FALLS
in the Marine industry**

Any openings and manholes in shipyards and vessels must be guarded.

Hold guard rails with both hands and maintain three-point contact when using a gangway.

Clean up oil spills on floor surfaces / decks immediately.

Clear away tripping hazards (e.g. unused cables).

Wear non-slip shoes. Replace shoes when soles are worn out.
